

PEDESTRIAN & BICYCLIST
**FOCUSED APPROACH
TO SAFETY**

WEBINAR
**BUILDING A FOUNDATION FOR SAFETY
THROUGH COMPLETE STREETS: MOVING
FROM POLICY TO IMPLEMENTATION**

DATE: WEDNESDAY, MARCH 16, 2022

TIME: 3:30 PM – 5:00 PM ET

FHWA is excited to announce a new webinar series to build a foundation for safety through Complete Streets. The first webinar will help agencies move their Complete Streets policies to implementation. Panelists will share perspectives on data collection, analysis, and evaluation methods to successfully plan, select, prioritize, and implement Complete Streets projects.

Panelists will respond to questions following their presentations.

REGISTER NOW!

PANELISTS

**JOE FURSTENBURG AND
RYAN BRUMFIELD**

**North Carolina Department of
Transportation**

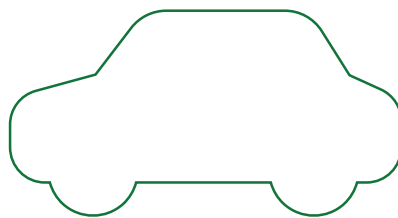

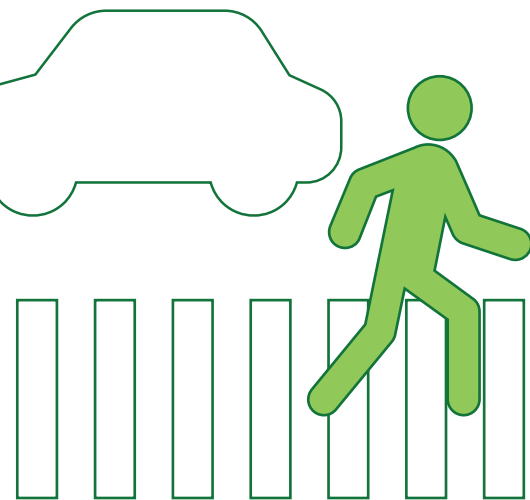

Applying a Complete Streets Project Evaluation Methodology process in evaluating highway projects for multimodal elements.

JAMIE F. CHRIQUI, PHD, MHS
University of Illinois Chicago

Using Complete Streets projects as an opportunity for data collection and evaluation, with an emphasis on using public health and equity indices for project prioritization.

DAVE PETRUCCI
FHWA

Incorporating Data-Driven Safety Analysis to build an analytical foundation for Complete Streets.

FHWA IS INTERESTED IN YOUR INPUT!

This is the first event in a series that will include Peer to Peer sessions on Complete Streets. [Click here](#) to provide input on future topics for discussion.

This webinar will be delivered through the FHWA Pedestrian and Bicyclist Focused Approach to Safety program.

U.S. Department of Transportation
Federal Highway Administration

ZERO IS OUR GOAL
A SAFE SYSTEM IS HOW WE GET THERE
